PROFILE

As a child I loved building something from scratch with Legos. Today I find myself doing just that on a larger scale. With a track record of consistently delivering high-quality projects on time and exceeding expectations, I'm excited to bring that same commitment to creating exceptional end-products to your team.

SKILLS

FRONT END: DOM, APIs, etc.

BACK END: Node.js, Express.js, User Authentication, OAuth, etc.

DATABASES: MySQL, Mongo

TESTING: Jest, Enzyme, Cypress, Mocha/Chai

TOOLS: Heroku, GitHub, Webpack
